HIS CAREER: While attending a painting workshop, Alexandre Akar obtained his degree in visual arts from the Ecole Nationale des Arts Appliqués (Paris XVe). Versatile and fond of large formats, he also creates painted walls, frescoes, bas-reliefs, painted wooden objects such as large cube games, totems, and large sculptures assembled from various materials. This reflects his desire to conceive his work in terms of space and volume.

HIS WORK: Alexandre Akar's highly personal painting is essentially human, urban and sensitive to contemporary music. The vigour of his drawing, colour and brushstrokes shows how he approaches the question of image in painting, following the examples of the German Expressionists, Matisse, Picasso, Pop Art, etc. To achieve this, he uses acrylic medium loaded with pigments chosen for their powerful colours.
