WORK :

*'Moments of happiness and relaxation'*

In these words, the artist expresses her relationship with art.

She enters another world, and her paintings almost function like light therapy, where light helps us to transcend ourselves. It is this very light that helped the artist to embark on her creative journey. Each canvas could be a ray of sunlight, both sharp and warm; the artist created this work in the hope of arousing a little curiosity and, for the brief moment of a glance, bringing a little light and colour into the viewer's day.
