HER BIOGRAPHY, HER BACKGROUND :

'After studying drawing at the École des Beaux-Arts in Paris, I lived in London where I took courses at the London College of Art. I then trained as an artist and illustrator whilst continuing to work in a collective studio.'

HER WORK :

"The choice of abstraction came naturally to me out of a need for freedom and expressiveness in my inner world. These paintings are like testimonies to my moods and emotions. They have been constructed through a back-and-forth between 'reasoned' composition and freedom of expression. It is a lyrical, intuitive and often gestural style of painting. These canvases are full of an energy that reflects a zest for life, an attitude towards life. My paintings are like a search for inner truth that I wish to make visible."
