BIO :

Jean-Marie Renault is a visual artist who lives and works in Paris.

BACKGROUND :

He studied art in Paris (Ecole supérieure des Arts appliqués Duperré, Bachelor's degree in Fine Art at Paris 1 – Panthéon Sorbonne).

WORK :

He works across various media, including painting, digital art and ceramics. Through an approach marked by sincerity and passion, he creates a world situated at the intersection of figuration and abstraction.

A melancholic art, an open door to meditation and dreams, a subjective and narrative abstraction, an invitation, like listening to the music of the earth, a rhythmic vibration of the primal, fusion-like substance, a melody that sings of nature, the elements, the seasons that mark the rhythm of life, an imaginary journey outside of time. Just like the amethyst stone, a quest for wisdom and inner peace.
