Michel Tulkens is an artist born in 1948.

#### BACKGROUND:

His training as an engineer led him to travel the world to exotic regions such as Cuba, Iraq, Angola and Japan. He studied at the Malou workshops and at Château Jourdain. He participated in the development of a 'school of painting' with eight other painters. He has participated in numerous group and solo exhibitions.

#### WORK:

This painter is passionate about colours. His palette is very colourful and the influence of his travels is visible in his work. He uses a technique that is reminiscent of Fauvism.
