APPROACH :

Marie Ange Mar chal creates through colour, guiding us through an imaginary world of hills rendered in pure tones using large blocks of colour. Her work, with its boldness, is at times reminiscent of the German Expressionist movement. Marie-Ange Mar chal wields her palette knife with such skill and dares to use such striking colour contrasts that one cannot help but let one's gaze wander across the subject.

A spontaneous and sincere body of work, flawless in its harmony.
